Index to Volume 135

The annual index is organized by first author and by title. Page numbers refer to the following issues:

Number 1 (January): 1–128
Number 2 (March): 129–240
Number 3 (May): 241–352
Number 4 (July): 353–464
Number 5 (September): 465–576
Number 6 (November): 577–688

AUTHOR INDEX

Bègue, L. *Religious affiliation and social commitment as determinants of moral attitudes in the prevention of AIDS or the fight against poverty.* 571–576.

Bon, S. R., Hittner, J. B., & Lawandales, J. P. *Normative perceptions in relation to substance use and HIV-risky sexual behaviors of college students.* 165–178.

Bonds-Raacke, J. M., Bearden, E. S., Carriere, N. J., Anderson, E. M., & Nicks, S. D. *Engaging distortions: Are we idealizing marriage?* 179–184.

Bostantjopoulou, S., Kiosseoglou, G., Katsarou, Z., & Alevriadou, A. *Concurrent validity of the test of nonverbal intelligence in Parkinson's disease patients.* 205–212.

Brandstätter, E., & Kriz, W. C. *Hedonic intensity of disappointment and elation.* 368–380.

Compton, W. C. *Toward a tripartite factor structure of mental health: Subjective well-being, personal growth, and religiosity.* 486–500.

Cramer, D. *Consensus change, conflict, and relationship satisfaction in romantic relationships.* 313–320.

Davies, M. F. *Socially desirable responding and impression management in the endorsement of love styles.* 562–570.

Demir, A., & Tarhan, N. *Loneliness and social dissatisfaction in Turkish adolescents.* 113–123.

Dewitte, S., & De Cremer, D. *Self-control and cooperation: Different concepts, similar decisions? A question of the right perspective.* 133–153.

Dolbier, C. L., Soderstrom, M., & Steinhardt, M. A. *The relationship between self-leadership and enhanced psychological, health, and work outcomes.* 469–485.

Elloy, D. F., Terpening, W., & Kohls, J. *A causal model of burnout among self-managed work team members.* 321–334.

Gnaulati, E., & Heine, B. J. *Separation–individuation in late adolescence: An investigation of gender and ethnic differences.* 59–70.

Granhag, P. A., & Strömwall, L. A. *Deception detection: Interrogators' and observers' decoding of consecutive statements.* 603–620.

Griffin, M. *The phenomenology of the alone condition: More evidence for the role of aloneness in social facilitation.* 125–127.

Gulgöz, S. *Need for cognition and cognitive performance from a cross-cultural perspective: Examples of academic success and solving anagrams.* 100–112.

Harrington, R., & Loffredo, D. A. *The relationship between life satisfaction, self-consciousness, and the Myers-Briggs Type Inventory dimensions.* 439–450.

Holm, O. *Dimensions and aspects of*

longing: Age and gender differences in Swedish 9-, 12-, and 15-year-old children. 381–397.
Kline, T. J. B., & Klammer, J. D. *Path model analyzed with ordinary least squares multiple regression versus LISREL.* 213–225.
LaHuis, D. M., & Mellor, S. *Antiunion and prounion attitudes as predictors of college students' willingness to join a union.* 661–681.
Lalljee, M., & Palmer-Canton, E. *Communication and consistency: AIDS talk and AIDS attitudes.* 87–99.
Li, J., & Karakowsky, L. *Do we see eye-to-eye? Implications of cultural differences for cross-cultural management research and practice.* 501–517.
Maltby, J., & Day, L. *The Irrational Beliefs Survey, one factor or four? A replication of Mahoney's (1997) findings.* 462–464.
Maltby, J., & Day, L. *Psychological correlates of attitudes toward men.* 335–351.
Maltby, J., & Day, L. *The relationship between exercise motives and psychological well-being.* 651–660.
McIntosh, W. D., Martin, L. L., & Jones III, J. B. *Goal orientations and the search for confirmatory affect.* 5–16.
Mehrabian, A. *General relations among drug use, alcohol use, and major indexes of psychopathology.* 71–86.
Nyman, S. J., & Daugherty, T. K. *Congruence of counselor self-disclosure and perceived effectiveness.* 269–276.
O'Connor, W. E., & Morrison, T. G. *A comparison of situational and dispositional predictors of perceptions of organizational politics.* 301–312.
Öner, B. *Factors predicting future time orientation for romantic relationships with the opposite sex.* 430–438.
Paolucci, E. O., Genuis, M. L., & Violato, C. *A meta-analysis of the published research on the effects of child sexual abuse.* 17–36.
Radmacher, S. A., & Martin, D. J. *Identifying significant predictors of student evaluations of faculty through hierarchical regression analysis.* 259–268.
Rokach, A. *Criminal offense type and the causes of loneliness.* 277–291.
Scandell, D. J. *Is self-reflectiveness an unhealthy aspect of private self-consciousness?* 451–461.
Sharps, M. J., Price-Sharps, J. L., & Hanson, J. *Body image preference in the United States and rural Thailand: An exploratory study.* 518–526.
Silverthorne, C., & Wang, T-H. *Situational leadership style as a predictor of success and productivity among Taiwanese business organizations.* 399–412.
Sondhaus, E. L., Kurtz, R. M., & Strube, M. J. *Body attitude, gender, and self-concept: A 30-year perspective.* 413–429.
Soyer, R. B., Rovenpor, J. L., Kopelman, R. E., Mullins, L. S., & Watson, P. J. *Further assessment of the construct validity of four measures of narcissism: Replication and extension.* 245–258.
Stone, E. R., Dodrill, C. L., & Johnson, N. *Depressive cognition: A test of depressive realism versus negativity using general knowledge questions.* 583–602.
Strickland, O. J., & Galimba, M. *Managing time: The effects of personal goal setting on resource allocation strategy and task performance.* 357–367.
Tan, H-H., & Quek, B-C. *A exploratory study on the career anchors of educators in Singapore.* 527–545.
Testa, M. R. *Organizational commitment, job satisfaction, and effort in the service environment.* 226–236.
Tubbs, M. E., & Trusty, M. L. *Direct reports of motivation for task performance levels: Some construct-related evidence.* 185–204.
Watkins, M. W. *Journal reprints as dissemination of psychological research: Courtesy, obligation, or obsolescence?* 52–58.
Wentworth, D. K., & Chell, R. M. *The role of househusband and housewife as perceived by a college population.* 639–650.
Whitehead III, G. I., & Smith, S. H. *Motive profiles of modern and traditional U.S. presidents.* 237–240.
Wilson, K. M., & Huff, J. L. *Scaling Satan.* 292–300.
Wilson, S. L. *Attachment disorders: Review and current status.* 37–51.

Winer, G. A., *A tribute and thanks to John E. Horrocks: Editor, author, and scholar.* 580–581.
Zhang, L-f. *Approaches and thinking styles in teaching.* 547–561.
Zhang, L-f. *Do thinking styles contribute to academic achievememt beyond self-rated abilities?* 621–637.
Zhang, Z-X. *The effects of frequency of social interaction and relationship closeness on reward allocation.* 154–164.

TITLE INDEX

Antiunion and prounion attitudes as predictors of college students' willingness to join a union. *David M. LaHuis & Steven Mellor.* 661–681.
Approaches and thinking styles in teaching. *Li-fang Zhang.* 547–561.
Attachment disorders: Review and current status. *Samantha L. Wilson.* 37–51.
Body attitude, gender, and self-concept: A 30-year perspective. *Elizabeth L. Sondhaus, Richard M. Kurtz, & Michael J. Strube.* 413–429.
Body image preference in the United States and rural Thailand: An exploratory study. *Matthew J. Sharps, Jana L. Price-Sharps, & John Hanson.* 518–526.
A causal model of burnout among self-managed work team members. *David F. Elloy, Willbann Terpening, & John Kohls.* 321–334.
Communication and consistency: AIDS talk and AIDS attitudes. *Mansur Lalljee & Emma Palmer-Canton.* 87–99.
A comparison of situational and dispositional predictors of perceptions of organizational politics. *Wendy E. O'Connor & Todd G. Morrison.* 301–312.
Concurrent validity of the test of nonverbal intelligence in Parkinson's disease patients. *S. Bostantjopoulou, G. Kiosseoglou, Z. Katsarou, & A. Alevriadou.* 205–212.
Congruence of counselor self-disclosure and perceived effectiveness. *Scott J. Nyman & Timothy K. Daugherty.* 269–276.
Consensus change, conflict, and relationship satisfaction in romantic relationships. *Duncan Cramer.* 313–320.
Criminal offense type and the causes of loneliness. *Ami Rokach.* 277–291.
Deception detection: Interrogators' and observers' decoding of consecutive statements. *Pär Anders Granhag & Leif A. Strömwall.* 603–620.
Depressive cognition: A test of depressive realism versus negativity using general knowledge questions. *Eric R. Stone, Carrie L. Dodrill, & Natasha Johnson.* 583–602.
Dimensions and aspects of longing: Age and gender differences in Swedish 9-, 12-, and 15-year-old children. *Olle Holm.* 381–397.
Direct reports of motivation for task performance levels: Some construct-related evidence. *Mark E. Tubbs & Michael L. Trusty.* 185–204.
Do thinking styles contribute to academic achievement beyond self-related abilities? *Li-fang Zhang.* 621–637.
Do we see eye-to-eye? Implications of cultural differences for cross-cultural management research and practice. *Ji Li & Leonard Karakowsky.* 501–517.
The effects of frequency of social interaction and relationship closeness on reward allocation. *Zhi-Xue Zhang.* 154–164.
Engaging distortions: Are we idealizing marriage? *Jennifer M. Bonds-Raacke, Erica S. Bearden, Noelle J. Carriere, Ellen M. Anderson, & Sandra D. Nicks.* 179–184.
An exploratory study on the career anchors of educators in Singapore. *Hwee-Hoon Tan & Boon-Choo Quek.* 527–545.
Factors predicting future time orientation for romantic relationships with the opposite sex. *Bengi Öner.* 430–438.
Further assessment of the construct validity of four measures of narcissism: Replication and extension. *Renate B. Soyer, Janet L. Rovenpor, Richard E. Kopelman, Lynn S. Mullins, & P. J. Watson.* 245–258.
General relations among drug use, alcohol use, and major indexes of psychopathology. *Albert Mehrabian.* 71–86.
Goal orientations and the search for confirmatory affect. *William D. McIntosh, Leonard L. Martin, & Jennings B. Jones III.* 5–16.

Hedonic intensity of disappointment and elation. *Eduard Brandstätter & Willy Christian Kriz.* 368–380.

Identifying significant predictors of student evaluations of faculty through hierarchical regression analysis. *Sally A. Radmacher & David J. Martin.* 259–268.

The Irrational Beliefs Survey, one factor or four? A replication of Mahoney's (1997) findings. *John Maltby & Liza Day.* 462–464.

Is self-reflectiveness an unhealthy aspect of private self-consciousness? *Donald J. Scandell.* 451–461.

Journal reprints as dissemination of psychological research: Courtesy, obligation, or obsolescence? *Marley W. Watkins.* 52–58.

Loneliness and social dissatisfaction in Turkish adolescents. *Ayhan Demir & Nuray Tarhan.* 113–123.

Managing time: The effects of personal goal setting on resource allocation strategy and task performance. *Oriel J. Strickland & Mark Galimba.* 357–367.

A meta-analysis of the published research on the effects of child sexual abuse. *Elizabeth Oddone Paolucci, Mark L. Genuis, & Claudio Violato.* 17–36.

Motive profiles of modern and traditional U.S. presidents. *George I. Whitehead III & Stephanie H. Smith.* 237–240.

Need for cognition and cognitive performance from a cross-cultural perspective: Examples of academic success and solving anagrams. *Sami Gulgöz.* 100–112.

Normative perceptions in relation to substance use and HIV-risky sexual behaviors of college students. *S. Rebecca Bon, James B. Hittner, & Jason P. Lawandales.* 165–178.

Organizational commitment, job satisfaction, and effort in the service environment. *Mark R. Testa.* 226–236.

Path model analyzed with ordinary least squares multiple regression versus LISREL. *Theresa J. B. Kline & Joy D. Klammer.* 213–225.

The phenomenology of the alone condition: More evidence for the role of aloneness in social facilitation. *Murray Griffin.* 125–127.

Psychological correlates of attitudes toward men. *John Maltby & Liza Day.* 335–351.

The relationship between exercise motives and psychological well-being. *John Maltby & Liza Day.* 651–660.

The relationship between life satisfaction, self-consciousness, and the Myers-Briggs Type Inventory dimensions. *Rick Harrington & Donald A. Loffredo.* 439–450.

The relationship between self-leadership and enhanced psychological, health, and work outcomes. *Christyn L. Dolbier, Mike Soderstrom, & Mary A. Steinhardt.* 469–485.

Religious affiliation and social commitment as determinants of moral attitudes in the prevention of AIDS or the fight against poverty. *Laurent Bègue.* 571–576.

The role of househusband and housewife as perceived by a college population. *Diane Keyser Wentworth & Robert M. Chell.* 639–650.

Scaling Satan. *Keith M. Wilson & Jennifer L. Huff.* 292–300.

Self-control and cooperation: Different concepts, similar decisions? A question of the right perspective. *Siegfried Dewitte & David De Cremer.* 133–153.

Separation–individuation in late adolescence: An investigation of gender and ethnic differences. *Enrico Gnaulati & Barb J. Heine.* 59–70.

Socially desirable responding and impression management in the endorsement of love styles. *Martin F. Davies.* 562–570.

Situational leadership style as a predictor of success and productivity among Taiwanese business organizations. *Colin Silverthorne & Ting-Hsin Wang.* 399–412.

Toward a tripartite factor structure of mental health: Subjective well-being, personal growth, and religiosity. *William C. Compton.* 486–500.

A tribute and thanks to John E. Horrocks: Editor, author, and scholar. *Gerald A. Winer.* 580–581.
